Im-Exportlich
We will do it!

"Save in Purchase

and

Win in Quality"

That's our Mission!

Im-Exportlich Ltd.

HRB 9233 - Gießen

www.im-exportlich.com

What is it that drives a company to serve its customers to the best of standards? That's a question we would seek to know or let's say, we have already conquered.

As Im-Exportlich Ltd. has reached its goals in the attainment of phenomenal manufacturers, all is left to do is set forth to endorse its products and have not questions but countries to be conquered!

By nothing less than our medical products. Although we are working not only in the medical field, say i.e. we are working in the supplement branch or in that of cosmetics this subject of ours has been our go to territory. Now that our time has come, we would seek to expand all around Europe and other continents.

We would therefore seek to know if you are ready to serve your company with one of the best prices and the best quality on the western market. Let us know if that is nothing for you but be patient enough to see that your competitors will be dealing with us. An offer that we make is none to let loose, that shall be your warning.

Now see for yourself, have a glance through our catalog, embrace yourself, and when you have come to know our worth, contact us right away. As time is short and chances come not to have them wait, don't hesitate, shoot your shot

FREQUENTLY ASKED QUESTIONS

- **HOW CAN I RECEIVE A QUOTE?**

Receive an offer by submitting your request or order at our 'info@im-exportlich.com' e-mail address.

For fast shipping and possible perks, we ask you to always provide specific information (especially significant for hospitals, authorities and non-profit organizations)

- **WHAT DELIVERY TIMES CAN BE EXPECTED?**

Since Im-Exportlich has excellent connections with freight forwarders and customs, it can ensure rapid shipping.

Sea freight is the cheapest shipping option and lead times are issued on request, depending on destination and incoterms. Commercial air freight is possible, as is Charter Air Freight as the fastest and cheapest option, insofar as the order quantity meets its minimum size. Further information, such as location, product(s) and order quantity, is required for the exact determination of delivery time.

- **DOES IM-EXPORTLICH GMBH ALSO HANDLE LARGE AND LONG-TERM ORDERS?**

Yes, long-term orders of different orders are desired and possible.

- **CAN PROOF OF LIFE BE PROVIDED?**

Im-Exportlich Ltd. owns various documentation of the warehouse and of the products in the pre-, final and shipping stages and can offer them if asked for.

- **WHAT DOES CE / FDA CERTIFIED MEAN?**

These are internationally recognized standards for the majority of protective equipment and medical equipment in Europe and the United States.

1. A valid CE certificate requires a successful evaluation by a legal notary.

2. A 510(k) number is required for FDA certification.
